The foregoing is an exact reprint of Chapter 19 from "The Garden Flowers of China", by Li. We thought it so good that we asked permission to run the reprint. The Ronald Press Company, who hold the copyrights, were very gracious in allowing us to run this in our bulletin.

We would recommend this book to any gardener for his library. It has chapters on various other flowers with very interesting background stories such as the one reprinted here.

If interested, information may be obtained by writing The Ronald Press Company, 15 East 26th Street, New York 10, N. Y. They can tell you where the book is on sale.
